

wooga ([wooga.com](http://www.wooga.com)) is the leading European social games developer and the world's 8th largest developer of Facebook games. In the course of our significant growth we offer an:

Internship IT Process Management (m/f)

Primary Responsibilities

As an intern you will work closely with the CTO and Business Analyst on analyzing the Key Performance Indicators (KPIs), modeling (in Excel) business cases, preparing reports and developing recommendations. In the course you will learn how to ensure that the systems and tools in use are able to meet the needs of our IT organization. This challenging internship offers a great learning opportunity for highly motivated interns to gain close insights on IT organizational structure and business strategy of a dynamic web 2.0 gaming company.

Your Qualifications

- Student or Young Professional; ideally bachelor or graduate studies in economic sciences, computer sciences or engineering
- Very good data analysis and conceptual skills
- Personal initiative and ability to work independently
- Good understanding and keen interest in Online Games and Social Networks
- Very good English language skills

Your Benefits

- Competitive compensation
- Work on projects which will be played by millions of players
- Work at a fast growing company that operates in a very dynamic environment
- Almost no hierarchies and quick decision making processes
- Fast-paced and international environment
- Located in Berlin – Europe's most exciting city with low cost of living and high quality of life
