

The center for **Adaptive Rationality** directed by Ralph Hertwig at the Max Planck Institute for **Human Development** is seeking applicants for a position as

Student Research Assistant

to assist the ongoing research in all phases of the scientific process. Research assistants are usually employed on a basis of 41h a month. Position lasts for 6 months minimum and can be prolonged given mutual interest. Anticipated start date is July 1st 2017 or later by agreement.

Requirements

- ⤴ Enrolled in Psychology, Cognitive Science, or a related subject at a German university
- ⤴ High in flexibility and commitment
- ⤴ Good level of English and German
- ⤴ Very high achievement level
- ⤴ High interest in participating in research on judgment and decision making

Desired Qualifications (not all need to apply)

- ⤴ Good skills in statistics and statistical software packages (R, Matlab, Python etc.)
- ⤴ Skills in programming experiments (in OpenSesame, PsychoPy, Matlab etc.)
- ⤴ Additional programming skills (Python, Java, Javascript, C#)

What we offer

The research center for Adaptive Rationality is investigating various aspects of judgment and decision making. We offer you the chance to participate in an international and interdisciplinary research team. Research assistants will be involved in research using behavioral and computational methods to study the dynamics of individual and collective decision making. The Max Planck Society is committed to employing more handicapped individuals and especially encourages them to apply. The Max Planck Society seeks to increase the number of women in those areas where they are underrepresented and therefore explicitly encourages women to apply.

Please send your application electronically to arc-jobs@mpib-berlin.mpg.de using the subject line “**Application Student RA 1706**”. Your application should include the following documents in a single PDF file: (a) CV, (b) school and further certificates (e.g., courser, datacamp etc.), references, and (c) a short motivation letter. Applications are considered until the position is filled.
